Ms. Ann Campbell
American Consul
The Embassy of the United States of America
Consular Section
New Delhi, India

Dear Ms. Campbell,

Recently I received a telegram from Dr. Venerable Kong Chean requesting me sending a sponsor letter in order that he will have an entry visa into the United States.

Recent historical events in Cambodia have not helped Cambodian refugees in the peaceful resettlement in the States but added more anxiety, frustrations to the community. We are urgently in need of a priest to serve our community and Dr. Chean could help us in this mental health matter. Another word he is needed by our community more than ever.

I am writing you to request his entry visa into U. S. and to guarantee that Dr. Chean will not be of public charge upon his arrival.

Cambodian refugee community will be very grateful to you if you could help realizing our dream to have Venerable Dr. Chean serve our community in this time of need.

Sincerely yours,

David Viradet Kreng
Public Relations Committee Chairman
